

CIRTA XVIII AGENDA

June 30th – July 3rd, 2023

18th Congress of the Intestinal Rehabilitation and Transplant Association (IRTA)
Jointly sponsored by the University of Illinois at Chicago/UI Health, The IRTA and The Transplantation Society

Renaissance Hotel, 1 Wacker Dr, Chicago, Illinois

Congress Chair: Alan L. Buchman, MD, MSPH
Congress Co-Chair: Enrico Benedetti, MD

Accreditation

In support of improving patient care, this activity has been planned and implemented by Cine-Med and the University of Illinois at Chicago/UI Health, the IRTA and the Transplantation Society. Cine-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

Cine-Med designates this live activity for a maximum of 17.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

JOINTLY ACCREDITED PROVIDER[™]
INTERPROFESSIONAL CONTINUING EDUCATION

Nurses

This educational activity is approved for 17.5 contact hours for nurses.

Pharmacists

This activity has been accredited for 1.75 CEU (17.5 credit hours) of continuing education credit.

Dietitians

Cine-Med is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 17.5 continuing professional education units (CPEUs) for completion of this program.

Thursday June 29th, 2023

9:00am–5:00pm **Council Retreat (UIC). Dinner** (UIC Robotic Surgery Simulator Facility)

Friday June 30th, 2023

8:00am–4:00pm **Workshop: Guideline Development for Indications for Small Bowel Transplantation**
(registration required; observant status only)

8:00am–4:00pm **Workshop: Guideline Development for Medical and Surgical Intestinal Rehabilitation**
(registration required; observant status only)

8:00am–4:00pm **Workshop: Allied Health Guideline Development**
(registration required; observant status only)

8:00am–5:00pm **Postgraduate Education Course: Principles of Intestinal Rehabilitation and Transplantation**
(registration required; observant status only)

4:30pm–6:00pm **Women in Transplant** (reception)

6:00pm–8:00pm **Opening Ceremony - Entertainment by Chicago's Second City Theatre**

Continued on next page...

Meet the Investigator Breakfast (registration required)
 A: Preservation Injury in the Intestinal Graft
 B: Functional and Anatomic Classification of Intestinal Failure

7:00am–8:00am

Meet the Clinician Breakfast (registration required)
 A: Management of Complex Abdominal Wounds and Ostomies
 B: How to Manage Acute Catheter-Related Thrombosis

Patient Care-Focused Discussion Breakfast (registration required)
 A: Approach to Clinical Management of the Patient on GLP-2 Therapy
 B: Current Strategies in the Use of Line Locking Solutions

7:00am–8:30am

Continental Breakfast

Session 1A: Management of Intestinal Failure

A: Musocal Diseases Causing Intestinal Failure

8:30am–10:30am

B: Medical And Surgical Management of Intestinal Fistula in the Intestinal Failure Patient

C: New Developments in the Management of Chronic Intestinal Pseudoobstruction

D: Abstract Presentations

Session 1B: Microbiome and Intestinal Failure and Transplantation

A: Modifying the Intestinal Microbiome in Intestinal Failure

8:30am–10:30am

B: Metabolic Regulation of Microbiota and Tissue Responses: Shared Lessons in IBD and Intestinal Transplantation

C: Implications of Small Bowel Bacterial Overgrowth in Intestinal Failure

8:30am–10:30am

D: Abstract Presentations

Session 1C: Video Presentations

A: Parenteral Nutrition and Care

8:30am–10:30am

B: Interventional Radiology (including catheter placement)

C: Transplantation

D: Robotic Surgery

10:30am–11:00am

Break

Session 2A: Parenteral Nutrition and Complications

11:00am–1:00pm

A: What's New in Intestinal Failure-Associated Liver Disease

B: Lipid Solubility Issues

11:00am-1:00pm

C: Fish Oil: Holy Oil or Snake Oil?

D: Abstract Presentations

Session 2B: Intestinal Re-Transplantation

A: TBD

B: When Should I Remove the Graft?

11:00am-1:00pm

C: Technical Aspects of Re-transplantation

D: Immunologic and Desensitization Aspects of Re-Transplantation

E: Ethics and Psychosocial Aspects of the Pre-and Post-Retransplant Patient

F: Panel Discussion

Session 2C: Strategies for Improved Long-Term Outcomes in Intestinal Failure and Intestinal Transplantation

A: Sustaining Optimal Nutrition in the Long Term for Intestinal Transplant Recipients

B: The Burden of Chronic Care in the Long Term: Strategies for Optimal Adaptation

11:00am-1:00pm

C: Telemedicine as a Monitoring Strategy in Intestinal Failure and Transplant: Is this a benefit or burden in providing care?

D: Medication Management and Adherence Strategies: Engaging the Patient for Success

E: Plan B: Working through Times of Drug and Formula Shortages

1:00pm-2:30pm

Lunch/Exhibits/Trainee & Junior Faculty
(registration required / limited to first 100 people / for Trainees or within 3 years of training)

Session 3A: Pharmacologic Management of Short Bowel Syndrome

A: How and When to use Hormonal Manipulation in Short Bowel Patients

2:30pm-4:30pm

B: GLP-2 Analogues in the Post-Intestinal Transplant Patient

C: Pediatric Use of GLP-2

D: Abstract Presentations

Session 3B: Immunology and Immunosuppression

A: Antimicrobial Immunity and Antibody-Mediated Immune Responses

2:30pm-4:30pm

B: Preventing and Treating Acute and Chronic Rejection with Biologics

C: B Cell Induction Therapies

D: Abstract Presentations

Continued on next page...

Session 3C: Optimizing Outcomes in Intestinal Failure and Transplant

2:30pm-4:30pm	A: Pediatric Intestinal Failure Associated Eating Difficulty B: Strategies to Promote Success in Oral Feedings C: Incorporating the Patient and Family in Research: Parent perspective and Provider Perspective D: Abstract Presentations
4:30pm-5:30pm	Poster Viewing (Wine and Cheese)

Sunday July 2nd, 2023

7:00am-8:00am	Meet the Investigator Breakfast (registration required) A: STEP up or STEP Down B: Wound and Stomal Care
7:00am-8:00am	Meet the Clinician Breakfast (registration required) A: The Short Bowel Diet B: Management of Intestinal Failure in the Elderly
7:00am-8:30am	Patient Care-Focused Discussion Breakfast (registration required) A: Patient and Family Resource Development B: Advancing Practice through Research and Publishing
7:00am-8:30am	Continental Breakfast

Session 4A: Non-Transplant Surgical Management of Intestinal Failure

8:30am-10:30am	A: Surgical Modification of Bowel in Patients with Dysmotility B: Surgical Approach to the Infant with New Short Gut C: Intestinal Lengthening Using Springs and Other Novel Strategies D: Abstract Presentations
----------------	--

Session 4B: Advances in Intestinal Bioengineering: Stem Cell Biology, Tissue Engineering and Personalized Medicine

8:30am-10:30am	A: Bioengineering of Intestinal Grafts B: The Stem Cell Niche in Short Bowel C: Patient-Derived Organoid Repurposing D: Abstract Presentations
10:30am-11:00am	Break

Continued on next page...

Session 5A: Novel Approaches to Prevent Intraoperative Complications of Intestinal Transplantation

11:00am-1:00pm

A: Advances in Intra-operative Management of Intestinal Transplant Patients; The Anesthesiologist Perspective

B: Surgical Innovations to Improve Intraoperative Management

C: Normothermic Presentation of the Intestinal Allograft

D: Abstract Presentations

Session 5B: Immunology of Intestinal Transplantation

11:00am-1:00pm

A: Innate and Cellular Immune Responses in Intestinal Transplantation – New Discoveries

B: Vaccines and Vaccine Response Other Maintenance Care in the Small Bowel Transplant Patient

C: Altering the Microbiome and Implications for Host Metabolomics

D: Abstract Presentations

1:00pm-2:30pm

Lunch / Exhibits

Session 6A: Surgical Debates

2:30pm-4:30pm

A: Abdominal Wall Closure: Vascularized vs Non-Vascularized?

B: Include the Spleen with Intestinal Graft - yes or no?

C: Intestinal Transplantation for Hirshprungs Disease– stoma for life or not?

D: Stoma or no Stoma after Intestinal Transplant?

Session 6B: Hormonal Regulation of Intestinal Adaptation

2:30pm-4:30pm

A: Advances in the Understanding of Intestinal Adaptation

B: Targets for Endocrine Manipulation of the Short Bowel

C: The Role of the Enteric Nervous System in Short Bowel Syndrome

D: .Stoma or no Stoma after Intestinal Transplant

4:30pm-5:30pm

Poster Viewing (Wine and Cheese)

6:30pm

Gala Dinner (registration required)

Continued on next page...

	<p>Meet the Investigator Breakfast (registration required) A: Delayed vs Immediate Re-transplant B: Patients Related Outcome Measures</p>
7:00am-8:00am	<p>Meet the Clinician Breakfast (registration required) A: Vascular Access Issues B: Feeding Approaches Post-Surgical Resection in Neonates</p>
	<p>Patient Care-Focused Discussion Breakfast (registration required) A: Risk Factors in the Care for the Emerging Adult with Intestinal Failure or Intestinal Transplant: Adherence and other Risk-Taking Behaviors B: Educational Strategies to Engage Patients and Caregivers</p>
7:00am-8:30am	<p>Continental Breakfast</p>
8:30am-9:00am	<p>IRTA Business Meeting</p>
9:00am-10:00am	<p>Session 7: Plenary Session (top 2 clinical and top 2 basic science abstracts) and Award Presentations</p>
10:00am-10:30am	<p>Break</p>
	<p>Session 8A: Assessment and Strategies for Optimizing the Patient Functional Outcomes in Intestinal Failure and Post-Transplant</p>
10:30am-12:00pm	<p>A: Social Worker and Social services in Long Term Adjustment and Recovery: Resources and Reintegration into the Community B: Physical and Occupational Rehabilitation Perspective C: Patient Perspective of Quality of Life during Home Parenteral Nutrition and Post-Transplant in Children and Adults D: Abstract Presentations</p>
	<p>Session 8B: Towards Tolerance in Intestinal Transplantation</p>
10:30am-12:00pm	<p>A: Mechanisms of Transplant Tolerance B: Chimerism-Mediated Tolerance in Intestinal Transplantation C: Animal Models to Study Immune Tolerance D: Living Donor Transplantation E: Abstract Presentations</p>
12:00pm-1:30pm	<p>Lunch / Exhibits / Poster Viewing</p>
1:30pm-2:30pm	<p>Session 9: Workshop Summaries (Intestinal Rehabilitation, Intestinal Transplantation, Allied Health)</p>

Session 10: Organ Allocation and Payment

2:30pm–3:15pm

A: Organ Donation and Allocation

B: Small Bowel and Multivisceral Transplant: The Payor Perspective

C: Q/A

Session 11: Transplant Registries

3:15pm–3:45pm

A: IRTA Pediatric Intestinal Rehabilitation Registry Presentation

B: IRTA Intestinal Transplant Registry Presentation

3:45pm–4:05pm

Session 12: IRTA Intestinal Transplant Registry Presentation

4:05pm–4:30pm

Session 13: Presidential Address

4:00pm–4:40pm

Session 14: Presentation of CIRTA 2025

4:40pm–5:00pm

Congress Closing – Alan Buchman/Enrico Benedetti

6:00pm

Presidential Dinner (by invitation only)

Tuesday July 4th, 2023

Optional Evening 4th of July Fireworks Cruise on Lake Michigan - Registration Required

**CIRTA XVIII
CHICAGO**

JUNE 30 – JULY 3, 2023
