

# Julia Foutz

United Network of Organ Sharing, USA

*Session 10: Organ Allocation and Payment: A: Organ Donation and Allocation: UNOS 101; Monday, July 3, 2023; 2:30pm-2:45pm*

---

Julia Foutz has worked in the UNOS Research Department since 2018. Julia is currently a Manager of Research Science, leading a multi-disciplinary team of biostatisticians, epidemiologists, and public health analysts in support of Organ Procurement and Transplantation Network (OPTN) contract work and other scientific inquiry studies. Her team supports the OPTN Committees, providing data analyses and interpretation to help guide transplant policy. A main focus of her team is to transition the allocation system to the continuous distribution framework. Julia previously supported the OPTN Liver and Intestinal Organ Transplantation Committee, the OPTN Pediatric Transplantation Committee, and the Collaborative Innovation and Improvement Network (COIIN). Prior to coming to UNOS, Julia held several positions at Kaiser Family Foundation and Virginia Commonwealth University School of Medicine, where she received her master's degree in public health.
