

Jennifer Garcia

University of Miami, USA

Session 3B: Immunology and Immunosuppression: B: B Cell Induction Therapies; July 1, 2023; 2:50pm-3:10pm

Dr. Jennifer Garcia is the Medical Director of the Pediatric Transplant Services at the Miami Transplant Institute (MTI), an affiliation between Jackson Memorial Hospital and the University of Miami. She also serves as the Medical Director of Adult and Pediatric Intestinal Transplantation, Pediatric Intestinal Rehabilitation and Pediatric Liver Transplantation at MTI. She is an Associate Professor of Pediatrics at the Miller School of Medicine. She received her undergraduate degree from the University of Michigan-Ann Arbor with a Major in Microbiology. She then went on to receive her Medical Doctor degree at the Tufts University School of Medicine in Boston, MA. Following this training, Jenn returned home to Miami where she trained in Pediatrics and then Pediatric Gastroenterology at Jackson Memorial Hospital. It was there that her passion for Intestinal Failure grew. She has been on staff at University of Miami and MTI since completing her training in 2010. Since then, she has become an avid speaker in the field in both national and international conferences.
