

Judy Hopkins

Children's Hospital of Los Angeles, USA

Session 3C: Optimizing Outcomes in Intestinal Failure and Transplant: B: Strategies to Promote Success in Oral Feedings; July 1, 2023; 2:50pm-3:10pm

Judy Hopkins, OTD, OTR/L, CLE, has over 25 years of experience as an occupational therapist specializing in pediatric feeding and swallowing in medically complex children. She works at Children's Hospital Los Angeles on the acute team. Her areas of expertise include pediatric feeding and swallowing, modified barium swallow studies, lactation support, high risk infant and critical care. Judy has developed several innovative programs to meet the needs of children with chronic illness. She is a frequent presenter at state and national conferences. Passionate about working with children with feeding disorders, Judy enjoys sharing her medical knowledge and intervention strategies with occupational therapists and other professionals to equip them to bring children from diagnosis to dinnertime.
